EDUCATION

• **University of Visveswaraya College of Engineering** — *2020 - Present*
B.Tech. in Information Science Engineering — CGPA: 8.78

• **MES PU College, Malleshwaram** — *2018 - 2020*
Pre-University Education (PCMB) — 89.66%

• **Government High School, Chikkabidarakallu** — *2015 - 2018*
Class 10 — 96.32%

PROJECTS

• **Memories - Social media MERN application** — *Mar. 2023 - Apr. 2023*
React + Redux, Node, Express, MongoDB

– "Memories" is a simple full-stack social media MERN application that allows users to post interesting events that happened in their lives.
– With email and Google Authentication, pagination, search and filtering capabilities, comments, client-side routing and much more.
– this application is the best fully responsive MERN social media application.

• **Bike Rental Management System** — *Oct. 2022 - Nov. 2022*
HTML, CSS, MySQL, PHP

– Management system that is used to keep track of all the bikes that are available for the customer to rent on timing basis. Created using HTML, CSS for front end development, whereas MySQL as database and PHP as backend scripting.
– The MySQL tables in this project have been meticulously normalized, ensuring data efficiency, minimizing redundancy, and maintaining a structured foundation for seamless Rental Management.

• **Simon game** — *July. 2021*
HTML, CSS, JavaScript

– The objective of the game is to repeat a series of random tile clicks created by the game.
– four different tiles, each with a unique colour and sound which is activated when pressed. the game ends if the player misses a step in the sequence.
– It's a seamless fusion of front-end technologies and delivering a visually appealing and user friendly game experience.

TECHNICAL SKILLS

Programming: Core Java, C/C++ (Basics)

Relational Database: MySQL

Relevent Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Computer Networks.

Web Dev Tools (Basics): NodeJs, ReactJs, VScode

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

EXTRA CURRICULAR ACTIVITIES

• **YouTube educator**

– Conducting free online Science, Mathematics and Kannada classes for S.S.L.C and P.U.C students on YouTube.

• **Presentation for Kagada - 2022.**

– Presented a Poster on 5G technology at Kagada 2022 IEEE, UVCE .
